Company presentation

☆ Brief introduction 公司简介

Location:Shunde district,Foshan city,China

History:founded in 2010.10

Main customer:GLOBO,Luxera ,LEROY MERLIN,NINO,spot light etc Europe

Advantage:60% raw materials made by our own metal,wooden,plastic factories.

Production line: 5 lines

Total staff:180

Factory square:8000m²

Showroom square:400m²

IGreen Electrical Lighting Company, a manufacturer specializes in manufacturing and exporting Home lighting fixtures. Our factory located in Shunde District Foshan City and founded in October 2010.

Currently there are over 160 employees and a fabrication area of more than 8,000 square meters with monthly production capacity of 75,000 sets light fixtures. Also we have 5 production lines and are going to increase to 10 lines to meet the requirements of the business. We have own supporting factories, which made hardware , pipe,wood, plastic , wire , such as raw materials. Currently, at least 60% raw materials we can provide by ourselves,so that have a unique competitive advantage

Our main product line is wall lamp,table lamp,floor lamp,pendant lamp,ceiling lamp,spot lamp,but our key business is spot lamp.Our main customer is GLOBO,Luxera, NINO, spot light etc.

We are a fast-growing company,who manage the factory by computerization and systematization way,have the unique channel to purchase low-cost but high-quality raw materials,we won the markets and customers by good quality, competitive prices, on-time delivery and excellent services. Now, our main markets are Europe and Americas but our goal is the global markets,we could do OEM and any new styles according to your requests,if you're in the same business field and interested in our

Our success comes from your support, your satisfaction is our pursuit.
